OUR COLLECTIONS

Two ways to design your wedding

Every BND wedding is custom-designed. We do not use a fixed design catalogue or repeat the same complete design. The difference between our collections is the scope and complexity of the design and production.

01

01/ THE SIGNATURE COLLECTION

Starting from IDR 95,000,000

A personal wedding design with a clear and well-planned concept. Ideal for couples who want an elegant, coordinated look without highly complex installations.

- Custom design for your wedding
- Main decoration areas and guest table styling
- A defined scope for flowers, structures, and production

02

02/ THE BESPOKE COLLECTION

Indicative investment: IDR 150,000,000-250,000,000+

A more detailed and creative design, developed around your vision. Ideal for couples who want special installations, more complex floral styling, or decoration across several areas.

- A more extensive design process
- Custom structures or statement floral installations, where needed
- More complex production and styling

Not sure which collection fits your plans?

Tell us about your wedding, and we will recommend the right approach.
